

2nd Hatfield and 2nd Little Heath Scout Troops

Programme January-March 2006 (Troop A)

U January week 1

Games and Compasses at the scout hut

Games - some old, some new, some daft to start the term off. We'll also spent a bit of time looking at compasses and how to use them before the activity next week.

January week 2

Haribo Hunt around Colney Heath

Bring suitable clothes for walking around in the dark and don't forget a torch! A chance for you to check how much you can remember of your compass stuff from the previous week as you are set loose in small groups (with an adult!) around Colney Heath following some compass directions. Will you get lost or find the hidden Haribo?

U January week 3

One minute videos at the scout hut

The challenge is on for you to make your own short film using video cameras, however it's only allowed to last one minute! Can you think of a suitable plot to act out in that time with your friends? Don't forget to bring any props or costumes you think could be useful. We'll talk more about this the previous week. If you haven't been invested yet, and have attended at least four meetings, we'll do it this week at the hut.

January week 4

Quasar

We're off to Enfield to the Quasar centre there to try and blast everyone else out of the arena! We have an exclusive booking, so it will only be scouts playing there. Parental help will be needed with transport, and the evening will cost £2.50 per person.

U January week 5

Patrol Challenge at the Scout Hut

Some crazy challenges at the scout hut for you to complete - will your team get the prize for being the best? An alternative chance to get invested if you miss the one in January.

February week 1

Aquasplash

We've hired a coach and we're off to Aquasplash in Hemel Hempstead for the evening Meet at Chancellors School at 5:50pm, we'll be back there about 9pm. £5 James needs to know numbers by 31st Jan. Don't forget 20p for the locker and swimming stuff and towel. Friends of scout age welcome, but let James know in advance!

February week 3

The night of the large fires

Tolmers campsite have recently cleared out an old forest and have got lots of wood that needs to be burnt. We're going to go and help them. Wear old clothes and bring gloves if possible as a lot of it is prickly!

February week 4

Archery and Wide Games at Tolmers

Off to Tolmers campsite again where you will have the chance to shoot things with arrows, and also play a couple of fantastically exciting new games in the fields and the woods. Don't forget a warm coat and your torch.

U March week 1

Technology at the Scout Hut

An evening of technological things. We'll have a number of projects and you will be able to choose which one you want to do. Hopefully you'll end up having made something at the end of it.

U March week 2

Foreign Cooking at the Scout Hut

Cooking English food is all very well, but gets a bit boring after a while. So this evening we're going to try experimenting with some more unusual foods - anyone for a Chinese or an Indian?

U March week 3

Carving at venue tbc

You know how people always moan that their woggles go missing? Well here's your chance to try and make a more unusual one. You'll need to bring a penknife if possible, as we're going to be carving them from templates, then painting them afterwards. There's about 40 different templates to choose from. We all need to be very careful to carve the wood and not our fingers....

March week 4

Tramps Supper and (optional) sleepover at Tolmers

During the meeting we'll be lighting fires and cooking sausages on them and doing other trampy type things. If you choose to come on x then (weather permitting) you can try building your own shelter out of cardboard boxes & try sleeping in it for a night. If you normally come on x but want to sleep over, you can come on x instead. There will be a small charge (£5) for sleeping over to cover camp fees and breakfast

U - Uniform should be worn

Other activities/residentials this term

January

Ice Skating
Cycle Ride
Skydiving

February

Master At Arms
Houses of Parliament
and London Eye
