

North Mymms Scout Troop

Websafe Programme September-December 2007

U September Week 2

Crystal Maze

Our normal start of the year programme, to allow the new scouts to get to know the rest of the troop. Lots of team building and crazy challenges in your patrols.

U September Week 3

Speed Stacking/ Human Clock

Three different activities to rotate around. Speed Stacking is an internationally played sport involving cups and great fun - we'll find out who the best fastest scout is.

Human clock - see www.humanclock.com - you get the idea.....

September Week 4

Skatepark and sport (joint meeting)

I have hired the mobile skate park from Hertsmere Council. This will be set up, and we will rotate around every 15 mins between sessions for bikes and skateboard/scooter. You must bring a helmet if you want to take part. If that doesn't appeal, we'll also be playing sport on the field. Please note day and time - you do not have to attend for the whole event!

U October Week 1

Ready, Steady, Cook

You may have seen this on the TV. Your patrol will be given a bag full of tasty food, and you will have to create a menu from what you are given. What will you cook?

October Week 2

Wide Games

Don't forget a torch and a coat!

U October Week 3

Spud Night

Potatoes are amazingly versatile creatures. Whether you use them for painting with, eating them, or for ammo in a spud gun - we'll try all this and more tonight!

U October Week 4

Computers

James will be borrowing laptops a plenty from his school to show you some photo manipulation stuff you can do. Good fun!

U November Week 1

Assault Course

Many scouts say the assault course is the best meeting of the year - we turn the hut into a giant adventure playground with scramble nets, swings, slides, etc. Not to be missed!

November Week 2

Swimming

You've a choice of 3 things to do at the pool - (i) Show/fall off on the diving boards, (ii) Work towards a swimming badge, (iii) Have free time on the pool. £1 for lockers.

U November Week 3

Robot Wars

You may remember this from the TV. Each patrol will build a robot - based around a remote controlled car. Then we will do battle! Points can be scored for aggression, damage done to the other robot and other factors. Will your patrol win?

U November Week 4

Circus Skills

A circus skills company will be coming along to show us how to juggle, diabolo, plate spin and even try those pesky unicycles....

December Week 1

Gokarting

Our annual trip to a local gokarting track. The evening costs £10 for a arrive+drive session, including safety equipment hire. Parental help will be needed to transport to and from the scout hut. **TIMES** - Meet at hut at 5:50pm, back at 9:30pm

U December Week 2

The Rock and Orienteering

The Rock - rotating climbing wall so you can climb as high as you like without leaving the ground and the great orienteering race - how many items will you find? Liable to be a bit on the muddy, wet and dark side, so please dress appropriately.

December Week 3

Christmas Party

More info to follow nearer the time.

U - Uniform should be worn
James - xxxxx xxxxxxx

Other activities this term

Nov Assault Course Building at the Hut

9am-7pm Sat, 12pm-8pm Sun. Come along and help build or test (!) this year's assault course before the meetings that week. The more help the better it will be!

November 11th - Remembrance Sunday

Scouts are expected to attend either the service in Potters Bar or North Mymms on the Sunday morning out of respect,

December - Bag Packing

We raised over £4000 last year, but do need everyone's help...
